

This 17cm tall stainless steel tumbler is crafted from premium food-grade 304 stainless steel with a double-wall vacuum insulation structure to keep your beverages hot or cold for hours. With a 7cm base diameter, it fits most car cup holders, making it perfect for commuting. The tumbler features a high-transparency sliding lid with a leak-proof seal, allowing for easy drinking and safe transport. Ideal for home, office, or travel use, the smooth surface supports full-color printing and custom designs — perfect for gifts or Print-on-Demand customization.

- Made of 100% stainless steel.
- Capacity is 20oz.
- When the cup is filled with hot water, the steam may lift the cup lid, which is not a quality problem.
- Durable and resistant to rust, staining and corrosion
- The plastic lid prevents liquid from spilling
- Limited to practical production, when printing at the bottom, the color and text will be influenced, do not place important designs at the seams or within 1cm from the bottom of the tumbler.
- This product is made on demand. No minimums.
- Multiple shipping options available, and cost varies on time efficiency.
